Press release from: [ABAS Software AG](#)

Karlsruhe, Germany, October 23rd, 2009 – A delegation from Vietnam visited Karlsruhe, Germany to gain information about the development and global opportunities of abas Business Software (ERP, PPC, MRP, eBusiness). Peter Forscht, COO of ABAS Software AG, highlighted strength of the versatile ERP and eBusiness software, serving midsize companies for more than 29 years.

ABAS Software AG with great reputations in Asia

Having major investment projects in the Eastern International University EIU, the General International Hospital, and New City Center, Binh Duong Peoples committee and Becamex Management visited Karlsruhe, Germany to meet potential partners for cooperations in the field of education, urban city planning and direct foreign investments.

abas Business Software licenses sponsored to Eastern International University

ABAS Software AG has sponsored licenses to the Universities' dual system program to set up a new business process training-center and learn factories on the campuses in Binh Duong, Vietnam and in partnership of BBW in Frankfurt Oder, Germany. For this project, all students will be trained on abas Business Software and use abas ERP to its full extent. abas Business Software was chosen because of the user-friendly implementation and it's versatility. Furthermore is abas Business Software up to now the only ERP system, which fulfills the legal and language requirements for Vietnam.

abas global partner network

ABAS Software AG is represented by KMR Ltd in Vietnam. KMR Ltd cooperates with Becamex for sales and marketing activities in the industrial zones of Binh Duong Province where today is a high demand on the implementation of business processes oriented ERP systems. Founded in Karlsruhe, ABAS Software AG has an active partner network in about 30 countries. abas partners consult customers on site and offer services ranging from the implementation of the hardware to customizing and hotline support to ensure high customer satisfaction and high-quality. Around 600 employees work for the abas network worldwide.

Company profile

ABAS Software AG is a leading provider of cost-effective ERP solutions for midsize manufacturers and distributors. More than 2,200 customers have chosen ABAS as their IT specialist and work successfully with the internationally applicable abas Business Software. ABAS, established in 1980 and once characterized by students, has now become a global network of companies. ABAS Software AG in Karlsruhe employs more than 115 people, and together with over 50 abas partners ABAS employs approx. 600 employees worldwide. The abas software partners provide a wide range of services including implementation, customization, hardware and network support. ABAS also provides on-site support and ensures short reaction times and high service quality. International partners in Germany, Austria, Switzerland, Hungary, Romania, Bulgaria, Turkey, Czech Republic, Slovak Republic, Poland, Ukraine, Russia, the Netherlands, France, Italy, Spain, Iran, Indonesia, India, Sri

Lanka, Malaysia, Singapore, Vietnam, Thailand, China, Hong Kong, Australia, Mexico, and the USA represent the ABAS Software AG throughout the world. The partner network is continuously being expanded.

Product profile - abas Business Software

The brand name abas Business Software includes the products abas ERP for production, abas Distribution for distribution, wholesale, and service companies, and the eBusiness solution abas eB. abas ERP is an ERP application designed specifically for manufacturers in the Assemble-to-Order, Make-to-Order and Engineer-to-Order environment. abas Business Software is priced to fit most budgets while delivering full ERP functionality. It is flexible, adaptable, internationally applicable and a save investment for the future. The clear structure and well thought-out implementation strategy of the system enable a short implementation period as well as trouble-free integration into the company structure. New functions and technologies are constantly added to the standard software with each new upgrade. As a result, abas users are always using the most up-to-date product. abas Business Software is currently offered in 28 languages and can be run using Linux, Unix and Windows. ABAS has been a supporter of the open source operating system Linux since 1995. Approximately 80% of over 2,200 abas installations are based in Linux.

abas Business Software - range of services: Sales/sales order processing/shipping, purchasing/purchase order processing, warehouse management, scheduling, logistics, materials management/MRP, production/PPC, financial accounting, fixed asset accounting, cost accounting, controlling, eBusiness, portal, etc.
