KEVIN JENNE, a renowned Canadian artist, is at the centre of the gallery's vernissage. Kevin uses paints from Tri-Art, a company that recycles all its water: nothing goes to waste at Tri-Art, a truly socially responsible company. Kevin's piece, "Bucerias", showing the brilliance of Mexican colours and the spirit of its people, will be on display for the first time in North America.

Splurge Art Gallery will have its grand opening on November 5th, 2009 during the first Bucerias Art Walk of the 2009 Season.

CAROLINA ECHEVERRIA, a Chilean artist, works on TerraSkin rock paper, 'Cradle to Cradle' certified. It uses no trees, water or toxic chemicals. Her eco-friendly work opens at Splurge, the first gallery to have paintings done on TerraSkin.

Splurge is committed to bringing international art and artists to the Bucerias community, as they support eco friendly artists and companies. They will also be showcasing designer pewter.
