IRVINE, CA – Earthbound Media Group (EMG) is pleased to announce its current rank in O.C. Business Journal's (OCBJ) annual list of the 100 Fastest Growing Private Companies in Orange County. Ranked this year as 16th out of 100 companies, EMG returns to the top 20 after being ranked the third fastest growing private company in Orange County in 2008.

“Although we did not hold our third-place rank from last year, EMG is still thrilled to continue to be recognized and commended as an ever-growing privately held OC company,” explained Blaine Behringer, EMG's Chief Operating Officer and Managing Partner. “Since EMG began, the growth of our incredible team continues to drive our company standards and exceed client and internal expectations. Our place at number 16 on the list of 100, especially within the past year's shaky economic climate, reiterates our dedication to welcome and overcome challenges, promising EMG's ongoing growth and prosperous future.”

To be considered for placement on the annual list, Orange County companies must have had sales of at least \$300,000 for a twelve-month period through June 2007. The list includes OC-based companies owned by an individual, a group of people, families, venture capitalists, private equity firms or other investors and has featured renowned brands including Vizio, Vestal, LRG (Lifted Research Group), Wahoo's Fish Tacos, Pacific Life Insurance and Yard House Restaurants.
