About Michel Montecrossa

Michel Montecrossa is one of the important musicians, artists and writers of the 21st century. His musical work embraces songs, symphonic compositions and fusions of meditation-music with poetry. His artistic work unifies various styles of painting, drawing, photography and movie-making. His multidimensional work as a writer manifests itself through poetry, philosophy and novels.

With the 'Jesus Symphony' Michel Montecrossa created a body of music expressing his faith in God by honoring Jesus and his love, kindness and self-sacrifice. The spiritual union with Jesus and his message is for Michel Montecrossa, his life and his work the solid foundation for growing in many ways towards our Highest Origin and Goal.

Michel Montecrossa traveled to many countries and met great personalities of the cultural and spiritual life who influenced his character, art and future-oriented humanitarian commitment.

The most important influence though, is his faith in God and the joy to be able to honor Him through art and work.
