Press release from: [Ahsay Systems Corporation](#)

Ahsay, the leading provider of powerful, innovative data protection software, announces today that it is the winner of the “Biz.IT Excellence 2009 Award” organized PC Market magazine.

PC Market designed this Biz.IT Excellence Award to recognize, promote and encourage I.T. applications with outstanding achievements and contributions to the business community. The election committee comprised of eight professionals from various aspects of the I.T. industry, and the election process took more than a month to complete. Finally, Ahsay Backup Software was elected as the winner. It proved that Ahsay Backup Software attained outstanding achievements and contributions to the Hong Kong business community in 2009. In the future, Ahsay will keep improving its product to provide automated and reliable backup solution to the business community.

### How Ahsay helps businesses

Ahsay Backup Software comes with all the enterprise class backup features, and was competitively priced. Businesses are able to deploy disaster recovery policies with minimal financial investment by adopting Ahsay Backup Software. By switching from conventional and unreliable backup methods, loss of business critical data can be effectively prevented and business continuity is thus guaranteed.

### BackupBox gives businesses peace of mind

In order to allow local businesses to back up their critical data easily, Ahsay launched a one-stop backup solution called Ahsay BackupBox in August 2009. It is a compact sized “plug-and-play” backup appliance bundled with Ahsay Backup Software. Combined with onsite delivery, onsite configuration, and around-the-clock support services, customers can now backup their data easily and professionally. The total solution offered by Ahsay gives businesses peace of mind. Ahsay is now offering 30-days Free Trial of this newly launched Ahsay BackupBox to local businesses. Details:
