Press release from: [VictoriaCars](#)

The celebration of the 30th anniversary of the World Travel Market has been a big success.

In spite of the economic situation and the last information of tourism worldwide, all the involved agents bet that this sector will recover for the next season.

More than 60.000 visitors have passed by the World Travel Market, many operators and representatives at international level of this tourist sector established their contacts, negotiations and commercial activities. This fair gives the opportunity to all the participants to know the last trends of the tourism industry.

VictoriaCars has assisted at the WTM 2009 being part of the Costa Blanca stand. The assistance at this fair has allowed VictoriaCars to present the sector their new services Car hire Madrid and Car hire Barcelona. Two of the most important destinations of the Spanish territory.

Many agents were very interested in those new destinations, because the price policy of VictoriaCars allows to offer to the agencies car rentals at those two destinations at very really interesting prices. This allows that the relationship between VictoriaCars and his agents is more than positive.

But VictoriaCars was also present to keep attentive for any interesting movement related with the tourism sector.

Also the World Travel Market is a fair where they present the last trends and technological solutions for all those companies that it really needs related with this sector.

Otherwise, the participation in the chats and seminars that have been taken place those days, served that this year VictoriaCars experience has been really constructive.
