

## **VAN ZALINGE now distributing ROTOCONTROL finishing machines in the Benelux**

Date: 12-03-2009 12:43 PM CET

Category: [Industry, Real Estate & Construction](#)

Press release from: [ROTOCONTROL GmbH](#)

Ahrensburg, Germany (December 3, 2009) - Ralph Beier, International Sales Manager, today announced the signed distribution agreement with VAN ZALINGE who is now representing ROTOCONTROL rewinding and die cutting finishing machines for the narrow web industry throughout the Benelux.

“As we continue to expand representation across Europe, VAN ZALINGE is a key distributor providing local support in 3 countries including Belgium, Netherlands and Luxembourg” states Ralph Beier. “Already, they have brought numerous opportunities forward”.

Henk Ockerse, Managing Director of VAN ZALINGE commented, “Having numerous years of experience in the finishing machine market, we are excited to now represent ROTOCONTROL, as their product incorporates leading technology addressing the demanding applications of today’s leading Converters.”

About VAN ZALINGE Benelux B.V.

VAN ZALINGE is a specialist in production solutions for the narrow web label industry such as printing presses, converting lines and other equipment for manufacturing, printing and finishing of labels, corrugated and folding cartons. It is their mission to give to customers optimized advice about production solutions, long lasting improvements with full satisfaction, and synergy with related production machines.
