Category: [IT, New Media & Software](#)

Press release from: [EPractize Labs Software](#)

SCEA Part 2 & Part 3 Exam EPractize Labs is the world's best preparation tool that boosts the aspirant's skill to become a certified professional. This preparation kit covers the following features for preparing SCEA - Sun Certified Enterprise Architect for the Java 2 Platform, Enterprise Edition Part 2 assignment exam and Part 3 essay exam.

Exam EPractize Labs is the world's best exam simulator uniquely developed by PPA methodology. You can Plan your goals, practice and achieve your goals. Customers have rated our product as the best product for IT certificate preparations. Apart from exhaustive mock exams, we provide review tips for all objectives, real time program examples and explanation. We also provide interactive quiz exams. All the questions have explanations .

**Review Tips** - In the exam preparation simulator, you will get short revision notes for each exam topic in order to revise the topics and attend review exam.

**Project Lab** - Presents you with set of mock assignments based on exam pattern. Helps you to understand the real-world software related problems and solutions.

**Architecture Lab** - Worked out architectural solutions for the project requirements given in the project lab. Helps you to prepare your Part 2 assignment exam.

**Mock Exams** - Set of mock exams based on Part 3 essay exam. Helps you to understand the design concepts and decisions.

**Focus Lab** - Focus Lab stores all the wrongly answered questions in every lab. It classifies the questions based on the number of attempts. This helps you to select those questions that were attempted multiple times wrongly and focus your efforts to improvise on them.
