Date: 02-01-2010 10:09 AM CET

Category: [Business, Economy, Finances, Banking & Insurance](#)

Press release from: [EmpXtrack Human Capital And Talent Management Software](#)

Saigun Technologies announced that its President and Chief Architect of EmpXtrack Tushar Bhatia will be visiting Middle East region during January 31, 2010 to February 03, 2010. During this visit Tushar will meet the potential customers for demonstration of EmpXtrack and ROI analysis of automated HR.

Middle East region is one of the fast developing economies with large number of businesses expanding in terms of employee size and revenue. Governments in this region are also empowering the legal framework that mandates companies to maintain necessary employee data and make available to agencies when required. To meet the business and legal challenges in a competitive environment companies in middle east are geared to automate their Human Resources.

Middle East region has unique business processes and thus require a solution that not only offers state-of-the-art technology but also meet the local needs. EmpXtrack has built features and reports that specifically caters to requirement of companies in Middle East region.

Saigun has a strong presence in Middle East region with many customers using EmpXtrack for their HR and employee performance management.
