

MetricStream to Showcase its GRC Solutions at the Utilities & Energy Compliance & Ethics Conference

Date: 02-19-2010 10:28 AM CET

Category: [IT, New Media & Software](#)

Press release from: [MetricStream, Inc.](#)

MetricStream, Inc. , an official sponsor of the Utilities & Energy Compliance & Ethics Conference 2010, will be showcasing its GRC solutions for power companies at the conference in Houston, TX, from February 28 to March 3. Please visit MetricStream at booth #9.

MetricStream's comprehensive suite of market-leading solutions span the entire gamut of policy, compliance, risk, audit and ethics processes at energy organizations including NERC standards, reliability assessments and audits, FERC compliance, enterprise risk management (ERM), SOX compliance, quality and safety regulations and incident and investigation management.

MetricStream's comprehensive and integrated GRC solutions enable energy companies and utilities to gain better insights into risk related data, streamline compliance information flows, improve collaboration between departments (such as audit and regulatory affairs) and continuously improve the organization's performance. Energy and utilities organizations across North America are using MetricStream to support their GRC initiatives – including large public and private electric utilities, power companies, oil & gas corporations, regulatory authorities and energy research labs.

This conference hosted by Society of Corporate Compliance & Ethics will focus on bringing in-depth discussion and education to those working in the utilities and energy industry. Attendees will get to know the latest methods and strategies for developing and improving compliance programs. Best practices and practicalities in various issues will be covered during the event including Case Management, FERC Enforcement, NERC Compliance, Compliance Assessments, Self-Reporting and FCPA Compliance.
