Press release from: [National Auto Sales 1](#)

Agency: ZURV LLC

HICKORY, NC, February 22, 2010 - National Auto Sales 1, a Hickory, NC based used car dealership, is pleased to announce its partnership with the Credit Acceptance Corporation (CAC). The Credit Acceptance Corporation is a Michigan based organization that works with a nationwide network of automotive dealer-partners across the United States, providing credit approval to every customer entered into their Credit Approval Processing System (CAPS). This affiliation will allow National Auto Sales 1 to offer guaranteed approval to customers who make a down payment on a used car.

Participation in the CAC's credit approval program has allowed National Auto Sales 1 to begin selling more used cars to more people without having to turn them away due to poor or no credit. Those impacted by this program include residents of Hickory, Lenoir, Morganton, Charlotte, Newton, and the surrounding areas who want to buy a car but are worried about being turned down due to their credit score.

To date, over 360,000 people nationwide have utilized the Credit Acceptance Program for credit approval purposes. As stated on the CAC's web site "Without our product, consumers may be unable to purchase a vehicle, may purchase an unreliable one, or may not have the opportunity to improve their credit score." National Auto Sales 1 hopes that their partnership with the Credit Acceptance Corporation will encourage potential used car shoppers, who would otherwise have not had the means to purchase a car, to take advantage of the program.

About National Auto Sales 1:

National Auto Sales 1 is a used car dealership in Hickory, NC that sells late model vehicles and low mileage used cars to residents in the Hickory, Charlotte, Lenoir, Morganton, and Newton areas. They feature an online inventory of used cars on their web site at nationalautosales1.com. National Auto Sales also works with customers to provide credit approval and loan options, as well as financing, and helps customers find payment options to fit their budget.

About the CAC:

The Credit Acceptance Corporation (CAC) was established in 1972 by Don Foss, the world's largest independent used car dealer throughout the 1970's. CAC is a Southfield, MI based credit approval company that provides vehicle loans to consumers through a patented Credit Approval Processing System (CAPS). The company provides clients with the opportunity to restore their credit and finance a new vehicle. Customers and dealerships can learn more about the program at CAC's web site, creditacceptance.com.
