Press release from: [Luhambo Tours](#)

Luhambo Tours has launched two new day tours specifically designed to meet the requirements of its customers. The Cape Town Highlights Tour provides the perfect overview of the most important sightseeing locations in Cape Town and the Cape Peninsula. Tourists often have only a limited amount of time to spend in the Mother City and look for the opportunity to see as many highlights as possible in one day. The Cape Town Highlights Tour combines a Cape Peninsula tour in the morning with wine tasting in the Constantia Winelands in the early afternoon followed by a township tour in Langa and Gugulethu.

For lovers of the finer things in life, the Sparkling Wine Tour of Stellenbosch and Franschhoek has been developed to introduce visitors to some of the best Methode Cap Classique wines in the Cape. Many foreign visitors are only familiar with the high-quality red and white wines in South Africa but are unaware that the Cape also produces some of the world's finest sparkling wines. This new tour aims to change this perception.

The Cape Town Highlights Tour and the Sparkling Wine Tour of Stellenbosch and Franschhoek can be booked directly on www.luhambotours.com.

About Luhambo Tours

Luhambo Tours is a tour operator who specialises in wine tours, township tours and day tours in Cape Town, Stellenbosch and Franschhoek. Its personalised and often unique tours bring visitors from all over the world closer to the amazing Mother City, the Cape Peninsula and Cape Winelands. As Cape Town wine tour specialists, the people at Luhambo Tours have a serious passion for wine which allows them to offer their clients unique gourmet wine and dine experiences. For visitors who want to experience the true African culture, Luhambo Tours' Township Jazz Tour and its traditional township tours are a must.
