

Thriving Business Networking Group Welcomes Mid-Derbyshire Parliamentary Candidate

Date: 03-10-2010 11:49 AM CET

Category: [Business, Economy, Finances, Banking & Insurance](#)

Press release from: [BNI Two Valleys Chapter](#)

BNI 2 Valleys Chapter welcomes Pauline Latham to its group meeting this coming Friday to discuss the region's commercial environment.

As part of her 'Latham Listens' initiative, Conservative candidate, Pauline Latham, is taking the opportunity to meet face to face with the group's members, all owners or senior staff from over thirty diverse and successful businesses from around the Derby and Nottingham area. Many are based or operate within her potential mid Derbyshire constituency and Pauline hopes to derive a greater understanding of the issues affecting their success, enabling her to make informed decisions, should she make it to Whitehall following this years elections.

Chapter Director, Mark Campbell, commented: "We're always happy to receive visitors to the group, most of whom come to see first hand the potential to grow their businesses. However, if we can provide Mrs. Latham with a means to meet local businesses with the prospect of helping them flourish, then that can only be a positive thing".

BNI (Business Networking International) is the world's largest and most successful business networking organisation, with over 5,576 global chapters. The Two Valleys chapter falls into the top ten percent of this figure in relation to business generated, with over £1.1 million passed between members in the last year.

Each BNI chapter operates a 'one seat' policy to ensure a balanced and complementary mix of professions and the Two Valleys chapter is currently seeking, in particular: a Surveyor, a Plumber, an Alarm and Security specialist and a Stationery Supplier. Companies wishing to learn more should visit www.bni2valleys.co.uk.
