Press release from: [Escape Velocity Systems](#)

Boulder, CO-- Escape Velocity Systems (EVS), a Boulder, Colorado based software and services business in cooperation with Chicago-based xkzero announces today the addition of Sweetener Supply Corporation to the MAS 500/O2 family. Evan Garber, President of EVS states, "We are excited about this new partnership with Sweetener Supply Corporation and we look forward to helping them manage their future growth."

"Sweetener Supply Corporation recognized that in order to continue on their growth path they needed a system to provide them with greater flexibility and automation of formulation and production management. MAS 500/O2's ability to greatly improve the communication between the warehouse, purchasing and customer service teams was also key to their buying decision," Paul Julien, CFO.

Sweetener Supply Corporation delivers only the finest and sweetest products to the food, baking, beverage, dairy confection and pet food industries. With an abundance of market knowledge and unparalleled customer service, Sweetener Supply prides itself on manufacturing a full line of sweetener products and food ingredients. The "Sweetener Family" of products include: Sucrose, Invert Sugars, Molasses Syrups, Brown Sugars and Honey, as well as Baking Powders, Dietary Fibers and Anti-Caking Agents.
