Press release from: [DirectEmployers](#)

Agency: **Steven Style Group**

Indianapolis, IN Thursday Nov 9, 2006 - Recruit.net(www.recruit.net) - the leading vertical job search engine in Asia, today announced that it has formed a partnership with U.S.-based DirectEmployers Association to bring almost two million job listings in Asia indexed by Recruit.net to job search site JobCentral.com (www.jobcentral.com). Using one simple search a user looking for job opportunities on the JobCentral site will now also be able to find additional job opportunities in China, Hong Kong, Japan, Australia, Singapore and India provided by Recruit.net.

“This is a great first step in our cooperation with the DirectEmployers Association and is a win-win for all parties. JobCentral users get access to millions of new jobs in Asia and Recruit.net integrates with the National Labor Exchange and their network of over 200 leading U.S. Corporations” said Maneck Mohan, founder of Recruit.net.

Bill Warren, executive director of DirectEmployers Association states, “We are excited about the opportunity to work with Recruit.net which has quickly become the leading vertical search engine for jobs throughout Asia. Our member companies, all leading U.S. corporations including many with operations in Asia, have been extremely impressed with Recruit.net’s vision, development and rapid expansion in the Asian market.”

About Recruit.net

Recruit.net www.recruit.net is a Hong Kong-based tri-lingual (English, Chinese & Japanese) vertical job search engine focused on jobs in Mainland China, Hong Kong, Japan, Australia, Singapore and India. The search engine indexes millions of job listings around Asia from multiple sources including job recruitment sites, newspapers, companies and executive search firms and enables job seekers to instantly search multiple web sites via one simple search free of charge. Recruit.net provides a range of features to its users including powerful search functionality, the ability to upload resumes and to receive job alerts via email or RSS feed.
