Solar Velocity, LLC is a prominent company in Cobb County and has a proven track record of excellent work. For the past nine years Solar Velocity, LLC has been included on the Top 25 list in the Small Business of the Year competition. This competition is for businesses that are members of the Cobb Chamber, are for profit, have shown an increase in sales, have been in business at least three years, have evidence of contributions to community-oriented projects, and are within the definition of the U.S. Small Business Administration's standards for a small business.

Though most industries in the US have been falling on hard times with the recession, the Solar Velocity, LLC has been surprisingly successful in light of such economic difficulty. So far in 2010 Solar Velocity, LLC has increased its staff size and taken on notable projects such as redesigning Morehouse School of Medicine's website as well as working with clients such as Hitachi Power Tools, Soenso energy, and Lotus Cars.
