Press release from: [TOPEX](#)

Softswitch solution (TOPEX multiSWITCH) was high on TOPEX agenda at SIMO event (7 – 12 November).

Spain's largest ITC event, SIMO is the second most important communication industry fair in Europe and this year gathered a total of 626 exhibitors bringing together major telecom players from fixed and wireless sector.

“TOPEX softswitch is a software based switching platform that combines the functionality of a Class-4 and Class-5 switch running on a standard-based open computing platform. Its capabilities include linking PSTN to IP networks and management of voice traffic. We are proud to attend at this event adding value and interest in our products.” declared TOPEX Product Manager Radu Balaci.
