Press release from: [MetricStream, Inc.](#)

MetricStream, the market leader in Enterprise Governance, Risk, Compliance (GRC) and Quality Management solutions is showcasing its GRC Platform at Cloud 2010, a European Identity Conference(EIC) on “Cloud Computing - Thought Leadership and Best Practices” hosted by Kuppinger Cole in Munich, Germany from May 4 to 7, 2010.

Kuppinger Cole, is a leading Europe-based analyst company for identity focused information security, both in classical and in cloud environments. Kuppinger Cole stands for expertise, thought leadership, and a vendor-neutral view on these information security market segments, covering all relevant aspects like Identity and Access Management (IAM), Governance, Risk Management and Compliance IT Risk Management, Authentication and Authorization, Single Sign-On, Federation, User Centric Identity Management, eID cards, Cloud Security and Management, and Virtualization.

The European Identity Conference brings together enterprise technologists, thought leaders and experts to learn, discuss and shape the market in most significant technology topics such as Identity Management, Governance, Risk Management and Compliance and Cloud Computing. The event would comprise a unique mix of best practice presentations, panel discussions, thought leadership statements and analyst views, by world class speakers.

MetricStream offers a comprehensive and integrated GRC platform that enable companies to effectively manage business and IT risks and help them meet regulatory requirements. Companies can utilize MetricStream solutions to implement a formal framework to measure, mitigate, and monitor risks. The framework eases the task of complying with multiple regulations governing data retention, privacy, confidential information, financial accountability, disaster recovery and business continuity planning.

MetricStream’s comprehensive suite of solutions span the entire spectrum of policy, compliance, risk, and audit processes in diverse industry segments such as energy and utilities, banking and financial services, manufacturing, life sciences, health, food, and hospitality sectors. Organizations across the world utilize MetricStream’s solutions to manage their Governance, Risk, and Compliance requirements.
