In what is being described as the World's Best Freeroll ever, a \$100 Million Jackpot Poker Tournament will be staged in April, 2006, by Titan Poker. \$500,000 in guaranteed prizes will be distributed to the top poker players at this amazing tournament, in addition to the \$100 Million Jackpot Prize offered by Titan Poker.

To be eligible, players must download the Titan Poker software and create an account:

Titan Poker will host its Online Poker Final Tournament on April 30, 2006. When the Online Final tournament narrows down to ten final players, the action will be suspended. The Final Table will be held in a secret location in May, 2006, and it will be at this amazing Final Table that one player will have the chance to win a \$100 Million Jackpot Prize.

The \$100 Million Jackpot Prize, the largest prize ever awarded in any sporting event, will be given to any player at the Final Table holding a Royal Flush of Spades. The \$100 Million Jackpot Prize is re-insured by National Indemnity Company, which is a subsidiary of Berkshire Hathaway Inc. (NYSE: BRKA) one of the world's biggest insurance companies. Seven other jackpot prizes, totaling more than \$3 Million promise to make this Final Table one of the most exciting ever.

Entry to Daily Freeroll Qualifiers, each awarding five seats at the Online Poker Final Tournament, will be given free of charge to players based on their game play. Players can enter as many Daily Freeroll Qualifiers as they want, but can only win one seat at the Online Poker Final Tournament, where they will vie for the \$100 Million Jackpot Prize.

The \$100 Million Freeroll Tournament is the latest innovative step by Titan Poker as it continues to improve its wide range of online gaming action. Players are drawn to Titan Poker's popular daily, weekly and monthly huge cash tournaments, and to Titan Poker's special jackpot sit 'n' go tournaments with progressive prizes and jackpots as high as \$100,000.
