All 6 countries are under pressure to provide employment to their unemployed citizens. Most government offices are filled with more national employees than required. Hence, there is now more pressure on the private sector to employ them. This leads to the creation of a lot of opportunities and challenges as well.

According to analysis, the best Nationalization strategies are implemented Oman and Bahrain. Oman has already achieved 90% nationalization whereas; Bahrain has put in lot of efforts from the governments end in order to have the proper HR systems in place. The quest for achieving successful Nationalization is still on and therefore, a lot of government initiatives have been put in place in order to help the organizations.

After our successful inaugural event in 2009 which attracted 200+ people, we are proud to announce our 2nd Annual Managing Local Talent scheduled for 12th-13th October 2010, Doha, Qatar. The event is crafted with the support of our distinguished panel of advisors who are experts in the field of nationalization. HR practitioners, advisors, academics, consultants and industry experts will come together to speak about and study nationalisation from all angles and find realistic solutions through key note presentations, case studies, speaker panel discussions and scenario based problem solving sessions, like: Current Nationalisation Initiatives in the GCC, how to implement an Effective Nationalisation Plan, Practical Techniques for Proper Assessment and Recruitment, Coaching and Mentoring Programmes for the Integration and Retention of Nationals, potential of the National Women workforce, the role of Education in Nationalisation.
