Category: [Industry, Real Estate & Construction](#)

Press release from: [Indian Realty Directory](#)

It has been an inspiring journey for the real estate market in India as it evolves from a nascent sector in the last decade to the booming industry of the country. The boom has not only created investment opportunities for those associated with the sector but has also opened up markets for growth in the construction, industrial and retail sectors to name a few.

Indian Realty Directory is an online attempt to mobilize the real estate functioning in India and make it easy for all users to have access to their required field of information relating to Indian real estate through the web directory. The portal besides being a one-stop Indian realty link directory for information on realtors, agents and brokers; provides information on builders/developers, directories and portals related to the Indian real estate business.

Indian Realty Directory offers the privilege to submit your website according to the categories mentioned. Beside the real estate professional's directory, the portal also offers the opportunity for all those related and associated with the real estate business to submit links to their respective portals and business. These include Finance, Insurance, Loans/Mortgage, Hotels & Resorts, Home decoration, Real estate legal services, Books & Magazines, News & Media, and Related Services etc.

Indianrealtydirectory.com has been conceptualized with the purpose of providing the real estate investors on the Net easy access to the world of Indian real estate. At the same time, the portal envisages the business opportunities that would be created for the real estate community by being a part of this web link-directory.
