"I have missed more than 9000 shots in my career. I have lost almost 300 games. On 26 occasions I have been entrusted to take the game winning shot... and missed. And I have failed over and over and over again in my life. And that is why... I succeed."

Michael Jordan

This quote I have listed ontop my computer screen. It brings me inspiration every time I look at it. Its very important when thinking about network marketing.... Because we all know success doesn't come overnight.

My name is Michael Sampson and I am a 21 year old full time work at home entrepreneur. Using the proper tools and resources are very important in MLM, but one thing is very commonly overlooked in the MLM arena.... Organization.

I speak with alot MLM'ers often and it seems alot of them lack proper organization. Bellow are my top 3 ways to help organize your business.

1- Set a proper schedule: In order to achieve success you cant treat your business as a hobby. Write down your schedule for the week and mark it down to every hour.

2- Have a proper work place: In your Home you should set aside a special working area. This should be a quiet area where you can really concentrate. I like to post inspirational notes all over my working area in plain view.

3- To Do list: This very important... Before you actually start working you should write down everything you want to accomplish in that day, it gives you a great feeling of accomplishment every day as you go down and check off every task on your to-do list.
