

NABA Moves HQ Offices To Chicago

Date: 12-27-2006 11:20 AM CET

Category: [Business, Economy, Finances, Banking & Insurance](#)

Press release from: [NORTH AMERICAN BARTER ASSOCIATION](#)

Today the North American Barter Association confirmed that it has completed their move of their headquarter and administrative offices to Chicago in anticipation of a major merger to be announced next month.

"We will soon be expanding our operations on an international level and although we will retain our office in New York to service the Eastern U.S., the new Chicago office will take over central operations" explained Nathan Forbe's, NABA's executive director.

NABA's New Address and phone number are:

626 North Michigan Avenue
Chicago, Illinois, 60611
Tel: 312-420-6611

In an unrelated matter NABA wishes to notify the public that due to pranksters who had a computerized redialer repeatedly calling our 1-800 fraud hotline for 3 straight days at 50 cents per call, we had to disconnect service to that number until further notice. In the interim all complaints can be called into our new main line at 312-420-6611 or sent by email to NABA@email.com.

The staff at the North American Barter Association wishes all of our members and our colleagues in the barter industry a Very Merry Christmas with our best wishes for a prosperous New Year!

The North American Barter Association is a non-profit trade association dedicated to the promotion of international barter and focused on maintaining high standards of integrity and ethics within the industry. NABA investigates and arbitrates complaints of barter exchange members. NABA was established in 1985 and processes an average of 3,200 complaints annually with a 78% resolution rate.
