Press release from: [ThatPRGuy](#)

A free web seminar provides information on how to pay off a mortgage in 8 to 11 years. The information presented by D.G. Lord Enterprises, Inc. teaches debt elimination without the need to refinance, or a bi-weekly payment.

Riverview, FL -- The dream of being debt free, including a mortgage, using the techniques taught in a free web seminar offered by D. G. Lord Enterprises, Inc.

"Most people are not aware that it is possible to pay off a 30-year mortgage in just eight to ten years. In fact, you can also pay off your other debts in that time as well," said Dennis Lord of www.MyMortgageEliminator.com "We do not teach people to refinance their mortgage, or to pay it on a bi-weekly basis. The methods we teach will not change the amount you pay each month towards your debts," he added.

The free web seminar, or "webinar," is offered at five different times per week at no cost or obligation. The presentation is given live and can be heard by phone through a special conference call.

The techniques and methods taught in the seminar work with any type of mortgage, does not require refinancing of the present mortgage, does not use bi-weekly mortgage payments, and saves hundreds of thousands on mortgage interest, according to Lord.

"There is no out-of-pocket expense to begin, and can even result in an increase in monthly income the very first month. It is not difficult at all," said Lord. "The free seminar explains everything in terms that are easy to understand," he added.

The webinar is offered on Mondays at 8 p.m.; Tuesdays at 11 a.m.; Thursdays at 11 a.m. and 9:30 p.m.; and Saturdays at 10 a.m. Participants receive a \$500 cash rebate from D. G. Lord Enterprises, Inc., according to Lord.

About D. G. Lord Enterprises:
