Press release from: [ThatPRGuy](#)

A new web site offers information and a free web seminar that teaches ways to eliminate all debt, including a mortgage without the need to refinance, or make a bi-weekly mortgage payment.

Riverview, FL -- D.G. Lord Enterprises, Inc. has announced the creation of a new web site to provide information to homeowners on how to pay off a mortgage, and all other debts, in just eight to ten years without refinancing or using bi-weekly mortgage payments.

"Most people are not aware that it is possible to pay off a 30-year mortgage in just eight to ten years. In fact, you can also pay off your other debts in that time as well," said Dennis Lord of [www.MyMortgageEliminator.com](http://www.MyMortgageEliminator.com) "We do not teach people to refinance their mortgage, or to pay it on a bi-weekly basis. The methods we teach will not change the amount you pay each month towards your debts," he added.

There is no need to refinance a current mortgage, or change the amount of money paid towards debts each month, according to information on the web site.

The company also provides free information through a "webinar," or web seminar. This presentation is offered without cost or obligation and can be heard by phone through a special conference call while viewing the presentation on the Internet.

"There is no out-of-pocket expense to begin, and can even result in an increase in monthly income the very first month. It is not difficult at all," said Lord. "The free seminar explains everything in terms that are easy to understand," he added.

The webinar is offered on Mondays at 8 p.m.; Tuesdays at 11 a.m.; Thursdays at 11 a.m. and 9:30 p.m.; and Saturdays at 10 a.m. Participants receive a \$500 cash rebate from D. G. Lord Enterprises, Inc., according to Lord.

About D. G. Lord Enterprises:
