Popular Weekend Radio Personality Roy Gray Says The Language Barrier That May Have Led To Miami Port Scare Should Serve As Impetus For Mass Language-Learning Movement

"I believe that if Miami Port security personnel would have been equipped to adequately use the language of that Iraqi driver, they could have avoided frightening everyone at the port, including passengers preparing to take a cruise," said Popular Weekend Radio Personality Roy Gray.

"All they had to correctly ask is 'How many people do you have in the car with you?'" Gray said, declaring, "When listeners hear me do 'The Spanish Sentence of The Week' on the air, all they have to do is email me to request a free CD of basic useful questions and statements in the language of their choice."

Gray, who is also an independent voice-over artist, hosts the popular "Simply Gospel" music program, which airs live on theICN.Com (The International Christian Network) every Saturday Night at 6.
