Long known for his books and seminars on creating cash flow through real estate and stock market investing, Wade Cook is now teaching people to create cash flow using an online, business opportunity.

Issaquah, WA -- Wade Cook is teaching thousands to create an automated, online business through network marketing to increase their monthly cash flow with minimal risk.

Cook is the author of N.Y. Times Business best sellers such as "Wall Street Money Machine," and "Business Buy the Bible." He is also the author of "How to Pick Up Foreclosures," "Real Estate Money Machine," and "Stock Market Money Machine." He says that the right business on the Internet can be like an automated vending machine that makes sales day and night and creates cash flow.

He offers a free report on "How to Create a 5 Figure Monthly Income" on his web site at [www.WadeCookFreedomTeam.com/info.php](http://www.WadeCookFreedomTeam.com/info.php) along with a free telephone seminar on network marketing every Wednesday night.

"My free report is designed to give you insight into the tools that can increase your cash flow through the exciting network marketing industry," explained Cook. "Network marketing is the best way for the average person with little or no money to begin a business and obtain financial freedom."

The Wade Cook Freedom Team does most of the work. People who join the team pay less than \$20 to start their new business. The Wade Cook Freedom Team then sets everything up, and even runs free advertising to bring customers to the new business.

"We make sure that everyone gets off to a good start. We will set everything up and pay for advertising to help make sales. There is no time involvement for you because we do it all," said Cook.
