

PCMSCAN On Board Diagnostic (OBD-II) and Datalogging software now available at Download.com

Date: 04.04.2008 - 12:28

Category: [IT, New Media & Software](#)

Press release from: [Tuner Tools, llc](#)

Agency: **Offsite Resources, llc**

Tuner Tools, llc has now made the software application PCMSCAN 2.0 easier than ever to download and try free. Now you can get the full version software package direct at www.Download.com the world's safest and most popular spot for downloading software. www.download.com/PCMSCan/3000-2056_4-10624971.html

PCMSCAN is a fully featured software application supporting many OBD-II scanners and now supports the Innovate Motorsports LM-1 Wide Band O2 meter, as well as all J2534 compliant devices such as the products by Drew Technologies - CarDAQ2534, CarDAQ-plus, ScanDAQ and Mongoose interface devices.

It allows viewing, charting, logging and playback of diagnostic data in real time via the vehicle's OBD-II diagnostic data port. It also allows viewing of vehicle Diagnostic Trouble Codes (DTC's), Freeze Frame data, and other vehicle information.

PCMSCAN supports 1996 and newer passenger vehicles whether it be US, Asian, or European. Supported OBD-II protocols: SAE-J1850 (PWM and VPW), ISO-9141, ISO-14230 (KWP2000), and ISO-15765 (CAN).

Data Logging

- ~ Currently supports over 160 generic OBD-II parameters, including O2 sensors.
- ~ Also supports all aux. input parameters available from the Innovate Motorsports LM-1 Wide Band O2 meter.
- ~ Also supports the AEM UEGO wide band O2 meter as an aux. input.
- ~ Also supports the TechEdge wide band O2 meter as an aux. input.
- ~ You can record and playback log files in real time (1ms logging accuracy).
- ~ You can save and load your log files for offline analysis.
- ~ Playback speed can be adjusted to play faster or slower than real time.
- ~ There are no restrictions on how much data you can log, it is only limited by how fast your OBD-II interface cable can send the data and by how much memory you have in your computer.
- ~ English and Metric (SI) unit measurement systems supported.
- ~ Customizable log file data export to .CSV file for easy viewing in other programs like Excel.
- ~ Export with real-time stamps for easy correlation with external data logs.
- ~ PIDs can be assigned priorities to speed up the data capture rate.

Interface Cables - PCMSCAN supports the following OBD-II interface & J2534 adapters:

- ~ OBD2 ALL-In-One Scan Tool
- ~ Autotap AT1, AT2, AT3, AT123 (v2.x)
- ~ VIA LDV100, LDV200, LDV300, LDV123
- ~ Multiplex Engineering T16
- ~ OBDpro
- ~ ElmScan family (v2.x)
- ~ CarDAQ2534 (J2534-1 pass-thru)
- ~ CarDAQ-plus (J2534-1 pass-thru)
- ~ ScanDAQ (J2534-1 pass-thru)
- ~ Mongoose (J2534-1 pass-thru)

Download the demo, then if you like it you can buy the license key and turn your demo into a fully-working version.
