Press release from: [ThatPRGuy](#)

Wade Cook, N.Y. Times Business best selling author, now offers students of his books a free weekly newsletter on stock market investing to produce a monthly cash flow.

Issaquah, WA -- Wade Cook now offers a free weekly newsletter to teach people how to treat the stock market like a business and produce a monthly cash flow.

The free newsletter is offered online at [www.WadeCook.org](http://www.WadeCook.org) along with a weekly phone seminar that enables participants to ask questions during the live conference call.

Cook is the author of N.Y. Times Business best sellers such as "Wall Street Money Machine," and "Business Buy the Bible." He is also the author of "How to Pick Up Foreclosures," "Real Estate Money Machine," and "Stock Market Money Machine."

While working as a cab driver in Tacoma, Washington, Cook wanted to find a way to establish financial freedom for his family, and developed the techniques he now teaches to others. He personally uses the investment strategies he teaches in his free newsletter.

The newsletter is sent weekly by E-mail to anyone who enters their name and E-mail address in a subscription box on the web site. Cook says the names and E-mails are not sold or given out to anyone. They are used only to send the requested information to subscribers.

"The stock market makes a great part-time business, if you forget the old-fashioned way of using it, and learn how to get your stocks producing monthly income. I do this by writing covered calls -- a powerful, yet seldom used cash flow technique. I teach this simple technique in my books, in my free weekly E-mail newsletter, and in my tele-seminars," Cook explained.

"Wade Cook's Stock Picking Handbook" is currently available in book stores and online at [www.WadeCook.org](http://www.WadeCook.org) and is really two books in one -- how to invest in the market and how to trade in the market. Information about his free weekly newsletter and the tele-conference seminars can also be found on the site.

Cook says his books, E-mail newsletter, and the weekly phone seminar combine to teach his students how to treat the stock market like a business to generate monthly income.

"If you'll do for two years what most people won't do, you'll be able to do for the rest of your life what most people can't do," said Cook.

Cook works with the Liberty Network to help educate and inform people on ways to develop monthly cash flow and achieve basic financial goals. In addition to the newsletter, Cook also offers a weekly tele-seminar on investing.

About LibertyNetwork.us:

Wade Cook works with LibertyNetwork.us to provide information to as many people as possible on the investment strategies he uses to create wealth.
