The best resolution for the new year may be to get out of debt, but most people who set that goal do not complete it. D.G. Lord Enterprises, Inc. has announced a free web seminar that teaches ways to eliminate all debt.

Riverview, FL -- Many people may begin the new year with a resolution to get out of debt, but like many resolutions this one requires help in order to gain success.

D.G. Lord Enterprises, Inc. is offering free web seminars that teach ways to pay off mortgages early and eliminate all other debts as well. A company spokesman says it can be done without increasing monthly payments, and it does not require discipline to complete the task.

"This program does not require people to have the discipline to make extra payments on their mortgage, or divide their payment into bi-weekly payments, or do any of those things that really do not work because they are so hard to do on a regular basis. There is an easy way to pay off debts without actually refinancing to do it," said Dennis Lord of www.MyMortgageEliminator.com "The methods we teach will not change the amount you pay each month towards your debts," he added.

Homeowners are now able to pay off a 30-year mortgage in ten years or less, along with all other consumer debts. The company offers free information online at www.MyMortgageEliminator.com along with instruction through a free "webinar," or web seminar.

Information in the web site and webinar teach homeowners on how to use a software program to pay off a mortgage, and all other debts, in just eight to ten years without refinancing or using bi-weekly mortgage payments.

"There is no out-of-pocket expense to begin, and can even result in an increase in monthly income the very first month. It is not difficult at all," said Lord. "The free seminar explains everything in terms that are easy to understand," he added.

The webinar is offered on Mondays at 8 p.m.; Tuesdays at 11 a.m.; Thursdays at 11 a.m. and 9:30 p.m.; and Saturdays at 10 a.m. Participants receive a \$500 cash rebate from D. G. Lord Enterprises, Inc., according to Lord.
