

## Free Salon Design Services Now Offered at Nationwide Beauty & Barber Supply

Date: 02-28-2007 04:30 PM CET

Category: [Fashion, Lifestyle, Trends](#)

Press release from: [Nationwide Beauty & Barber Supply](#)

Nationwide Beauty & Barber Supply is proud to enhance its customer service offering with free salon layout design from their experienced design team. The Nationwide design team offers stylists and barbers the opportunity to have their new or remodeled salon layout drawn up by a professional interior designer.

As an extensive provider of all the salon and barber essentials, Nationwide's transition into design support was a natural one. Each item of furniture that Nationwide sells is meticulously measured and diagrammed for accurate layout design. The service will allow customers to see their furniture purchases in the space, and make important layout decisions.

In addition to providing on-staff design services, Nationwide also offers a free salon layout planner through the web. The Icovia Room Planner allows visitors to [www.nationwidebeauty.com](http://www.nationwidebeauty.com) to layout furniture and fixtures in an intuitive interface.

"Nationwide is excited to provide this free, value-add service to our customers," said Richard Kassel, President of Nationwide Beauty & Barber Supply. "We hope that the design support we provide will help our customers build successful businesses."
