Press release from: [Keep On Talking Inc.](#)

Agency: **SEO Notes**

CellHUT.com wants to thank all its customers for trusting us with all their cellular and wireless needs for over the past ten years. Because of you, we have gone from a humble dot com startup to a major force in online retailing. This development has reduced our overheads costs which we have in turn passed down to our loyal customers.

We are pleased to announce that our new coupon deal program has been a resounding success. The new coupon deals, which can be either found on our online e-newsletter, CellHUT.com, and other online deal sites, have helped us grow while providing lower prices for all our customers. In the near future, we will be adding exclusive coupon deals to repeat customers through our weekly e-newsletter. The promotion codes given to our customers can be entered in the "shopping cart" section of the site to apply the discount, which will be reflected on the shopping cart's subtotal itself. Please join our weekly e-newsletter and check our website often to find these great new deals exclusive only to CellHUT.com

CellHUT.com is also pleased to announce that our site has been recently redesigned to help better serve our customers. Part of this new face of our site is our new enhanced bundle deals program. Until recently, most of our combination deals involved just a cellular phone and a Bluetooth headset, but now we will also be offering bundle deals that will other accessories, such as car chargers, cases, batteries, etc. and all at a greater discount than when purchased separately. With these deals, customers have the potential to save hundreds of dollars on their order while getting the most out of their cellular telephones. This is all part of our corporate mission that strives to provide the best service, ease of use, and satisfaction for our loyal customers.

Another addition implemented during CellHUT.com's new website design is our new online return service. Instead of having to call our customer service representatives to receive a Return Authorization (RMA number), now all that customers have to do is click a link on the top right corner of our homepage, titled "Return Authorization," to receive an RMA number that will enable them to ship us back your goods for a refund. We believe a happy customer is a good customer and if they are in any way dissatisfied with their purchase they can return their goods "no questions asked." This new feature on our website will make it easier for customers to do this while expediting their claims. Of course, customers can still always call our customer service representatives to see how their orders and claims are being processed.

Please keep checking our website and subscribe to our e-newsletter to see the great new things happening at our site and to get the best deals possible. We would like to once again thank all our customers for their support and we look better serve them even better in the future.

About Cell Hut

CellHut is a leading online retailer of unlocked cell phones and other electronic gadgets. They feature all of the latest phones at discounted prices and don't lock members in with any type of service contracts. There are also a number of promotions and coupons from time to time that allow customers to save more on CellHut's already low prices.
