Press release from: [ArtWeb LLC](#)

Agency: **ArtWeb LLC**

New York, March 25, – Soon TemplatesFlow will be ready to represent the new type of production – osCommerce templates based on osCommerce, i.e. a powerful and full-featured online store-management software program – the leading Open Source online shop e-commerce solution that is powered by a dedicated, strong, and ever growing community, and is released under the GNU General Public License.

TemplatesFlow decided to release osCommerce templates because it's very popular and the easiest way to open online store. Website created with osCommerce can be easily maintained and administrated by a non-technical person using the Administrative Interface and a Web browser. Store owners can set up their stores without super efforts, costs and fees. All necessary tools and files to install osCommerce are provided with such templates completely free. It takes you only couple of minutes to create your own online store by adding your products.

«It's really the best way to create an online store. We'll provide you with new improved version of osCommerce. – says Steve Jones, marketing manager of ArtWeb LLC. « Our osCommerce templates are made in such a way that the process of its installing is as easy as possible.»

### About TemplatesFlow

TemplatesFlow is engaged in designing of ready templates, which are useful in the process of creating personal pages in the Internet or company's websites. New templates appear on our site every day. And now there are more than 350 samples. They have relation to different spheres of human life and are represented in such a variety that every visitor can find template, which coincides with his understanding of life style.

New image of our site will considerably simplify the process of its usage.
