Press release from: [CTI](#)

CTI, San Diego, CA. CTI, a leading provider of advanced MES, SCE, and ERP solutions to the Forest Products Industry, is pleased to announce the opening of its new regional sales office in Sao Paulo, Brazil. The strategic location and addition of Brazilian corrugated veteran André Fazzolari as sales agent, will allow CTI to better serve corrugated producers in Brazil and Argentina.

André Fazzolari, CTI's new sales agent brings his experience in the Brazilian corrugated industry to CTI's Latin American sales team. He will head CTI's sales efforts in Brazil and Argentina; supporting CTI's commitment to corrugated producers in these countries. Mr. Fazzolari is a corrugated industry veteran, and holds business degrees from Pontifical Catholic University in Sao Paolo, Getulio Vargas Foundation (MBA), and the University of California, Irvine (MBA).

CTI's new regional sales office is located at Largo Padre Pericles, 145 – CJ 104 – Sao Paulo, SP – Brasil CEP 01156-040.

About CTI: Founded in 1981, CTI is a leading provider of manufacturing execution systems (MES), supply chain execution (SCE), and Enterprise Resource Planning (ERP) solutions for the Forest Products industry. The company's solutions and consulting services enable customers to increase productivity, optimize resource utilization, and improve efficiency throughout their operations. These integrated, best-of-breed solutions represent the first and only, complete end-to-end business solution developed specifically for the Forest Products Industry.

With a record of superior results spanning 25 years, CTI is dedicated to helping its customers maximize performance and maintain a competitive edge. Discover how CTI can help your company improve efficiency, reduce waste, and increase profits. For more information visit, www.corrtech.com.
