With TDK Time Warp less than 1 week away, representatives at the popular European hotel booking company EuroBookings.com are experiencing a marked increase in traffic to Germany hotels. TDK Time Warp, a 16 hour club scene party occurring on March 31st, is Germany's largest event of its kind. 16 DJ's from Germany and beyond will perform on the event's 5 stages, fueling the party vibe with house, techno and trance.

"Mannheim is a smaller town, so hotels here typically fill up faster than in bigger cities were there is more lodging. In order to secure a hotel that meets their preferences and budget and that is still in close proximity to the Mannheim Castle, it's important for travelers to book as early as possible," says EuroBookings.com co-owner Marcel Stillekens.

The TDK Time Warp Tour, now in its 13th year, has become a major attraction for the clubbing population, drawing thousands of new attendees each year. "Many people that have never heard of Mannheim will find themselves there for the first time for the Tour. There's nothing worse than showing up and finding out that your hotel is outside of the social hotspot—which is exactly why we developed an advanced search feature that sorts our 25,000 + hotels by proximity to their event," Stillekens explains.

The event will take place at the Mannheim Castle in the city of Mannheim located in southern Germany. Using the EuroBookings.com advanced search feature, travelers can search for Mannheim hotels and then further refine their search by choosing to show only those near the Castle, then sorting results by distance, popularity, stars, and by name.

Stillekens says that the most useful of EuroBookings.com's features is the option that allows travelers to display only Mannheim Germany hotels (www.eurobookings.com/germany-de/reservations-mannheim-hot...) with available rooms so that travelers don't waste their time pursuing options that aren't available. "Time matters when booking for a popular event like this. As of this moment, nearly one third of the hotels in Mannheim are booked. Based on previous year's experiences, the number of available rooms will decrease sharply between now and the 31st," says Stillekens.

Appearing on one of the 5 floors throughout the 16 hour show will be world-famous DJ's such as Sven Väth, Richie Hawtin, Chris Liebing, Loco Dice, Kid Alex, Tim Exile, The Disco Boys, and DJ Murphy. To accommodate clubbers staying in hotels in other areas of town, shuttle busses will provide transportation from Mannheim Castle until 2am and then resume again at 5pm. However, Stillekens says that "as of now, there are still a few available hotels within walking distance of the Castle.

This is definitely the kind of event where you want to stay close to the action—that's part of the whole experience.”
