West Palm Beach, FL - April 19, 2007 - Over the past several months, Imperiali Inc and its management have been conducting an executive search for top notch executives to join their team.

The executive candidates need to have stellar management skills and qualifications with the ability to manage several billions of dollars.

The management of Imperiali Inc. has decided to increase the strength of its team to bring the company over the next threshold, managing a major portfolio of funds.

Based upon the executive search, Imperiali Inc. has found several very qualified individuals. The company has confirmed that they are in discussions with several key executives, who have the credibility and track record of managing a \$4 billion fund.

The company is moving forward towards securing these executives, to align itself with its \$250 million bond offering, and its \$30 million bridge loan /convertible debt.

While the current management is capable of handling the responsibility of running Imperiali Inc., the company has been advised to bring additional figures to further ensure the success, stability, and growth of the company's plans, led by Charles Fiscina.

Any additional executives who may be interested in applying for an executive position should contact Charles Fiscina at 561-805-9494, to discuss the management package and criteria.
