Press release from: [BITS Pilani](#)

Success of an Institution undoubtedly begins with believing in one's worth, trusting one's insight, nurturing oneself, having a goal, devising the right strategies and spreading one's wings.

The foundation stone laying ceremony of BITS Pilani Hyderabad campus at Jawahar Nagar Shameerpet scheduled on Saturday 28th April 2007 by the Hon'ble Chief Minister of Andhra Pradesh Dr Y S Rajasekhara Reddy in the presence of Dr K K Birla Chancellor of BITS Pilani is part of a long unfolding story. It is an outcome of the Birla family's active and dedicated involvement as well as commitment over hundred years for the cause of education.

With the humble beginnings as a pathshala in the year 1901 to educate Shri. G. D. Birla who is one of the doyens of Indian industry, the Birla Institute of Technology and Science "BITS" located at Pilani Rajasthan became a deemed to be university in 1964. Since 1979, BITS Pilani has been participating in the human resources development activities of a vast spectrum of Indian corporates by integrating the working environment of the employees with the learning environment required by the Institute by offering an array of work integrated learning programmes. Apart from the Pilani campus, BITS has a campus at Dubai which is in operation from the year 2000 and a campus at Goa in operation from the year 2004.

Considering that Human resources have become more and more important than natural resources in determining the wealth of a society, BITS Pilani has embarked on the Hyderabad campus project to provide a serious, focused and rigorous environment with state of the art facilities and operate on the cutting edge of knowledge and pedagogy.

Greatness of an Institution not only depends on its standing but also on which direction it is moving and for sure BITS Pilani is moving in the right direction.

Birla Institute of Technology and Science "BITS", Pilani Rajasthan is a Leading University in India offering degrees in Engineering, Management, Pharmacy, Sciences, Engineering Technology, Information Systems, General Studies, Finance, etc presently at Pilani, Dubai, Goa campuses and in the near future at Hyderabad campus. BITS Pilani also offers an array of work integrated learning programmes for HRD of a vast spectrum of Indian corporates.
