With the mobile game Cats in a Flap players become hectic. As guard over nine cat flaps in a house the player must ensure that as few cats enter as possible the house. It is important to hurry and to press the number above their head as soon as they appear through the cat flaps!

In a funny competition mode this incredible game can be played with friends. But there must be shown a good performance in speed typing to challenge rivals. So it is hard to set a high position in the high score on its mobile cell phone and online at [www.rumblex.com](http://www.rumblex.com).

The mobile game Cats in a Flap is a development of Under Siege Studio and is now available at [www.zelfi.com/en/mobile-games/games/cats/](http://www.zelfi.com/en/mobile-games/games/cats/) for € 2,99.
