As usual, ShowStoppers will gather together hundreds of journalists from all over the world in NY

Reporters, columnists and editors will find at the exhibition the latest and greatest software, digital gadgets, gear, gizmos and holiday gift ideas. Business reporters will come across innovative software, and bright shiny tools for breaking news and compelling stories. Industry analysts want to know what will be hot in the industry in the next few months.

Paragon Software Group, the leading developer of innovative software solutions in storage management and data safety will demonstrate several innovative products: Paragon Drive Backup; Paragon Partition Manager; Paragon Deployment Manager; Paragon System Recovery; Paragon Drive Copy; Paragon Disk Wiper and the most impressive – new Paragon Hard Disk Manager 2008 Suite. This solution is designed to protect alone the system and the data in case of crash, virus attack, hardware failures, and this list of problems it solves is not full at all.

Journalists will have time to speak with Paragon senior staff and to get more information about the rich feature set of the products. According to Konstantin Komarov, CEO of Paragon: “This is not the first time we are taking part in ShowStoppers, but it is always a pleasure for us to present our new solutions. Our goal is to provide journalists with the most up to date product and company news and for now it is our really unique Hard Disk Manager 2008 Suite.”

Drive Backup is a trademark of Paragon Software Group. Microsoft, Windows and Vista are trademarks and/or registered trademarks of Microsoft Corporation. All other trademarks and registered trademarks are the property of their respective owners.
