Once again, Injectronics of El Paso Texas has taken home a "Top 20 Tools" Award by Motor Magazine. Results have just been published in the September 2007 issue and the CJ4 OBD-II Scan Tool & Lab Scope has taken top honors in this class of tool.

Concurrent with this news, Injectronics has stepped up to the plate with an all new Enhanced Data Package Bundle to be released at the end of September. This bundled package will include the award winning CJ4 but adds an Injector Test Module as well as enhanced OEM data for GM, Ford, Chrysler & Toyota with coverage of the ABS, SRS & Body/Chassis systems*.

Current CJ4 user will be able to add the enhanced applications as they are contained in expansion modules.

More details about this enhanced package as well as the original "Top 20 Tools" CJ4 are available at the following Injelectronics Authorized Dealers:

- www.TunerTools.com
- www.AllOBD.com

* Information provided is preliminary and may have changes before the enhanced applications GM, Chrysler, Ford and Toyota are released. Enhanced applications to be released late September 2007.
