

NSNA releases ProFusion RapidSite Website Design Application for Real Estate

Date: 10-08-2007 02:49 PM CET

Category: [Business, Economy, Finances, Banking & Insurance](#)

Press release from: [Net Solutions North America](#)

Agency: **Net Solutions North America**

Net Solutions North America has introduced ProFusion RapidSite Real Estate Accelerated Location Marketing (R.E.A.L.M.), a website development application for the real estate industry. The Profusion RapidSite R.E.A.L.M. is a low cost web application for real estate agents, and brokers and offers a low cost marketing tool for high profile individual listing sites.

This website application allows real estate professionals to easily design their own websites according to their business requirements. The special features and options included in this application make website development a quick and simple process.

The R.E.A.L.M. application provides 118 different website design templates to choose from. It includes features that make the handling of image and content placement an easy task. A unique quality of websites designed with Profusion RapidSite R.E.A.L.M. is that the websites may be re-used or can be given to a new home owner as a gift from the realtor.

Each web site designed on Profusion RapidSite R.E.A.L.M. includes:

- Choice of template
- Custom designed header image
- 1-3 images on the home page
- 1 image on interior pages
- Home page plus 4 interior pages
- 500 words per page
- Up to 5 external links.
