Press release from: [Janco Associates, Inc.](#)

(Park City, UT) Today Janco Associates (e-janco.com) announced the availability of its awaited Disaster Recovery / Business Continuity Audit Program. Victor Janulaitis, the CEO of Janco said, "The Disaster Recovery / Business Continuity Audit Program is an additional component of the Business and Information Technology Infrastructure tools that Janco has developed for Chief Financial Officers (CFO), Chief Information Officers (CIO), and Chief Technology Officers (CTO). The Disaster Recovery / Business Continuity Audit Program contains over 30 areas of audit focus. This, in addition to the Security Audit Program is a tool which every Information Technology function needs to have." Janulaitis added, "Both of these audit programs are ones that either an external auditor, internal auditor can use to validate the compliance of the information technology function and the enterprise to ISO 17799, Sarbanes-Oxley, HIPAA, and PCI-DSS."

The DRP/BCP audit program was created to work in concert with Janco's IT infrastructure tools including; 1) the Disaster Recovery / Business Continuity Template; the Security Manual Template; 3) Security Audit Program Template; 4) Business and IT Impact Questionnaire; 5) IT Service Management for Service Oriented Architecture Template; and 6) the Metrics for the Internet and Information Technology HandiGuide.

The eleven areas of the security audit programs focus are: Corporate Security Management, Systems Development and Maintenance, Information Access Control Management, Compliance Management, Human Resource Security Management, Information Security Incident Management, Communications and Operations Management, Organizational Asset Management, Physical and Environmental Security Management, Security Policy Management, and Disaster Recovery Plan and Business Continuity.

The audit programs come as a Windows Office 2007 and Office 2003 documents. In addition a PDF version of the audit program is provided. In addition Janco does provide an update service for the both the Disaster Recovery / Business Continuity and Security Audit Programs. The update service is for 24 months from the date of the purchase. This service also provides its subscribers with membership in Janco's Elite Subscriber Service. The Elite Subscription Service provides its participants with copies of Janco's and IT-Toolkits' White Papers, Surveys, and selected new products before they are released to the general public.

Janco distributes its products in over 70 countries across the globe. In addition it has established relationships with several intellectual property distributors. All of Janco's products are distributed electronically.
