

AVS 707 1/2 inch CCD Analog Camera

Date: 01-18-2008 04:20 PM CET

Category: [Media & Telecommunications](#)

Press release from: [Audio Video Supply, Inc.](#)

San Diego, CA, January 17, 2008 - Audio Video Supply, Inc, a San Diego distributor first in CCTV Security, has introduced the new AVS-707 Analog Camera from its new product line.

The small, rugged AVS 707 has a high resolution interline transfer 1/2" CCD imager. There is not a need for a remote imager camera except in the most confined spaces with the 707 because of its miniature size.

All of the most commonly utilized adjusters (gain, gamma, AGC, and field/frame selection) are conveniently situated on the rear camera panel. C-mount is standard as is pixel clock output.

This camera allows for eight different shutter speeds (1/60 sec. to 1/10,000 sec.) by attaching the SC-745 Shutter Controller to the 6-pin connector located on the rear of the camera.

The AVS-707 analog camera is now available to order. For additional information please refer to our product page. To order, please call 858-565-1101. Audio Video Supply, Inc. is located at 4575 Ruffner Street, San Diego, California, 92111. On the web, avsupply.com
