eBay is The World's Online Marketplace™. eBay is a platform for the sale of goods and services by a diverse community of individuals and businesses. Today, the eBay community includes more than 114 million registered members from all around the world.

Globally, eBay has more than 25 million items listed for sale at any one time, and an additional 3.5 million items are added daily. There are more than 50,000 categories including collectibles, antiques, sports memorabilia, computers, IT and office, art, antiques, toys, dolls, stamps, comics, magazines, music, pottery, glass, photography, electronics, jewellery and gemstones.

eBay provides an international platform where practically anyone can trade practically anything.

eBay launched in Australia in 1999 has become one of Australia's leading online shopping destinations with over 3.1 million unique visitors in May 2004 (Source: Nielsen Net Ratings).

Although eBay is a global company, eBay Australia offers a trading platform tailored to the unique needs of Australians. The eBay community is both passionate Australians and international buyers and sellers trading in a variety of goods.

eBay is a community that encourages open and honest communication among all its members. Our community is guided by five fundamental values:

- * We believe people are basically good
- * We believe everyone has something to contribute
- * We believe that an honest, open environment can bring out the best in people
- * We recognise and respect everyone as a unique individual.
- * We encourage you to treat others the way you want to be treated

The success of eBay depends on the ongoing trust and support of our members. We are committed to doing everything we can to make sure our members have a safe and fun experience trading on eBay.

The eBay Community is made up of people around the world who buy and sell in the eBay marketplace every day. Whether a member is a buyer who shops on eBay for practical needs or for fun, or a seller who lists on eBay as a primary source of income - eBay becomes a part of our members' lifestyles.

Many members have created second businesses by selling items on eBay. Some have moved their brick-and-mortar businesses to eBay. Others have quit their day jobs altogether, to sell on eBay! For millions of people, eBay is the place to share a passion for items that are special, or just to shop for practically anything on earth.

Since the early days of eBay, members have helped other members be successful on eBay, and this strong spirit of camaraderie continues to thrive. A primary way members interact with others is within the eBay Community area.
