by Launching New All Electric City Car for Under USD\$40,000

Hybrid Technologies, Inc., A World Leader in All Electric Lithium Powered Products, Strives to Make Emission-Free Vehicles Affordable to Consumers

MOORESVILLE, NORTH CAROLINA--(Marketwire - March 17, 2008) - Hybrid Technologies, Inc. (OTCBB: HYBR) ([www.hybridtechnologies.com](http://www.hybridtechnologies.com)), emerging leaders in the development and marketing of lithium-powered products worldwide, is pleased to unveil the LiV(TM) WISE, their newest emission-free all electric city car at the New York International Auto Show March 19-31, 2008. Hybrid positions their new LiV(TM) WISE as the obvious alternative power choice as gas prices reach \$4.00 a gallon in California.

Click here to order your LiV(TM) WISE all electric vehicle today: [www.hybridtechnologies.com/orders/wise.html](http://www.hybridtechnologies.com/orders/wise.html)

At a \$39,700 price point, Hybrid's LiV(TM) WISE City Car performs as well as a gasoline fueled vehicle with a driving range of 90-120 miles and speeds in excess of 75 mph. Not only will consumers save money in the long run, they can also make a substantial contribution in improving the environment.

Hybrid Technologies will also feature its latest emission-free vehicles at the New York International Auto Show including the LiV(TM) RUSH sports car, LiV(TM) REAPER military, LiV(TM) BULLDOG ATV, LiV(TM) FREE wheelchair, LiV(TM) RYDER chopper and LiV(TM) CRUZ bicycle.

Forward-Looking Statement: This press release may include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements are based on the Company's current expectations as to future events. However, the forward-looking events and circumstances discussed in this press release might not occur, and actual results could differ.
