

Guaranteed Search Inclusion

Date: 02-01-2006 10:47 AM CET

Category: [Advertising, Media Consulting, Marketing Research](#)

Press release from: [Net Business International](#)

ah-ha has teamed up with Excite to bring you Guaranteed Search Inclusion, a Paid Inclusion product. Now you can guarantee that your site is included in the search index of Excite and other leading search sites across the Internet.

Traditionally, search engines require you to pay per every URL on your entire website, review only a portion of your site, and only refresh your site once a month or less. With the Guaranteed Inclusion program, you can submit your website for one bulk price; and regular 48-hour indexing allows for updates to be reflected immediately in the search results on your selected web pages. Exposure is key in the Internet Industry. Guaranteed Inclusion makes it affordable to enroll your entire site; ensuring you receive maximum exposure for your website.

Excite Search allows you to search multiple leading search engines at once, returning only more comprehensive and relevant results, fast.

Better Search. Faster Results.

Excite is a powerful meta-search engine that searches multiple leading sites to find the results you're looking for, fast.

Smarter Way to Search

If you're serious about Web search, you know that search engines are not created equal. Excite Search intelligently selects the best engines to meta-search for you. We then balance the strengths of each engine to deliver the most relevant results every time you search the Web.

Excite Guaranteed Search Inclusion

Merchants who submit their Web addresses to Excite are included in the Excite Search Index -- guaranteed. This way, when our millions of Excite searchers look for the products and services a merchant sells, they can be sure their business is one of the Web sites people can find.
