Empresarial Universidad de Costa Rica, San Jose, Costa Rica has partnered with Global Academy Online, Inc. (the Academy) of Washington DC, USA to offer an online international MBA in both English and Spanish.

According to Mr. William Zamora, President and Rector of Universidad Empresarial, “the Academy provides our external grad students the latest and most advanced online course management system, outstanding curriculum, and outstanding faculty.” Support for the program states Zamora is available to students 24/7.

Zamora goes on to say, “The Empresarial system is among the world’s most advanced learner management systems for students offering both asynchronous and synchronous capability to stimulate advanced learning. We believe it rivals the best anywhere.”

The Academy currently provides Empresarial exclusive faculty credentialing and student application verification services through its e-Education Trust division. Fred DiUlus, the CEO and Founder of the Academy notes that “Empresarial is a leader in higher education in Central America and through its new programs will now be able to offer an outstanding education throughout the Spanish and English speaking world.”

With students and former students from 20 nations, Universidad Empresarial is accredited by the National Council of Higher Education for Private Universities (CONESUP) of the Costa Rican Ministry of Education. The university is authorized to grant Bachelors, Graduate (Licensure), Masters, Professional Specializations and Doctoral Degrees.

UNEM is listed with UNESCO (United Nations Educational, Scientific and Cultural Organization), International Association of Universities' World List of Universities, and International Handbook of Universities and other international directories.

Empresarial has taken a bold step to be a world leader of exceptional quality Spanish and English higher education curriculum.
