Press release from: [Audio Video Supply, Inc.](#)

San Diego, CA, April 15, 2008 Audio Video Supply, Inc, a San Diego distributor first in Professional Broadcasting, has introduced the new CAM-1020 Handheld P2 HD Camcorder from its new product line.

The AVS CAM-1020 utilizes 720P standard with a variable frame rate and generate 1080/24P over 60i recordable signal. It gives the photographer an option of offering 720P or 1080i to their client. This small camera is based on P2 and is the ultimate solution for low-end HD production Industry.

The CAM-1020 has an 1.1 million-pixel imager, which performs better in low light and improves signal to noise ratio. The CAM-1020 is the best upgrade for any one who wants high quality images in a cost-effective product.

The AVS CAM-1020 uses P2 card, which bridges the gap between professional video and information technology. It stores video and audio data in interchangeable format files so that its easy to edit files off of the card directly. Another best feature of this camera is that, with just a push of a record button it starts recording in less than two seconds.

The CAM-1020 camera recorder is now available to order. For additional information, please refer to our product page. To order, please call 858-565-1101. Audio Video Supply, Inc. is located at 4575 Ruffner Street, San Diego, California, 92111. On the web, www.avsupply.com
