Category: [Advertising, Media Consulting, Marketing Research](#)

Press release from: [Indus Events](#)

Agency: **Indus Events**

The highly anticipated Bangkok debut from Bhangra's most internationally prolific artist.

He was the man that put the Indian Bhangra sound on the global music map with his massive club track 'Mundian to Bach Ke' ('Beware Of The Boys'). Next to Beyonce's 'Crazy In Love' this must be the most heavily played club track of the last few years. The version you all know (and I mean all of you!) features none other than US rapper, JAY Z.

This is set to be a truly unique show, both for 808 & for Bangkok...
