Tuscany Fine Rentals offers villas in Tuscany, now allows customers to book car rental too. As a result of cooperation between Tuscany Fine Rentals and ReservaCar Dublin Airport, holiday makers can book their holiday accommodation in Tuscany and car rental on [www.tuscanyfinerentals.com/villas.php](http://www.tuscanyfinerentals.com/villas.php)

Staying in a villa in Tuscany is great, because it gives holidaymakers the freedom and independence to come and go, just as and when it suits them. People are not tied to strict meal times and that means they can start and finish their day whenever they please.

"All of our villas in Tuscany have fully equipped kitchens for our guest's catering needs. All accommodations are professionally prepared and cleaned prior to their arrival .We try to be as flexible as we can with booking dates. We offer bookings starting either on weekends or mid-week when available."-said Gary Upton from Tuscany Fine Rentals.

"Our villas and apartments are located in scenic rural, semi-rural and village locations throughout the region of Tuscany, in Pisa, Lucca, Florence and Siena. To hire a rental car is comfortable and it is a great way to discover Tuscany. "-he added.

"Tuscany is a really popular holiday destination amongst Irish and British holiday makers. It is great to work with one of Ireland's and Britain's leading Tuscany villa rental specialists. We offer an expansive and simple to use car rental service to Dublin Airport visitors, but now because of this partnership, we can supply Tuscany Fine Rentals'customers with the same great car rental service. Car rental is available throughout Tuscany, including Pisa Airport, Lucca, Florence and Siena." – said Noemi Beres from ReservaCar Dublin Airport.
